BEHAVIORAL SCIENCES REGULATORY BOARD

INSTRUCTIONS FOR FILING AND INFORMATION ABOUT THE PSYCHOLOGY LICENSURE APPLICATION IN THE STATE OF KANSAS

To begin your application process, submit the following items:

- 1) A completed application form
- 2) The \$225.00 application fee in the form of check or money order, payable to Behavioral Sciences Regulatory Board. All fees are nonrefundable.
- 3) Supervisor attestation(s) forms from licensed psychologists that supervised you.
- 4) Professional References (**if less than 4 Supervisory attestations are included with your application**).
- 5) Transcripts of Masters and Doctoral degree programs sent directly from the University to the BSRB.
- 6) Student Residency Requirement form sent directly from the university to the BSRB
- 7) Verification of Licensure form. This form shall be completed by the licensing board(s) in the state or jurisdiction you currently hold, or have you ever held a certificate, registration or license to practice in one of the behavioral or health sciences, and is submitted directly to the BSRB.

A psychology licensure application may be filed with the board once you have begun your post doctoral work hours or if you are ready to begin your post doctoral work hours. The board will not review an application until it is complete (all transcripts, reference and supervisory attestation forms must have been received, along with other required documentation.)

APPLICATION FORM

Carefully read then answer each question in the application form. Any application form that is not completed or is submitted without the items listed in 1-4 will not be processed until all necessary forms are into the Board office.

“An application may, for lack of qualifications, be held in active status for a period not to exceed one year. Beyond one year, the application shall expire, and a new application and fee shall be required of each reapplying applicant.” [K.A.R. 102-1-3 (b)]. This means that once you have applied for licensure, your application will be active for one year, unless a temporary license is issued. This can also mean that if your application is tabled for some reason, (e.g., additional information or supervision, etc.) or remains “incomplete,” the application will expire at the end of the one-year period.

EDUCATIONAL REQUIREMENTS

The educational requirements for psychology licensure are contained in K.S.A. 74-5310 (a) (3) and defined in K.A.R. 102-1-12. The board has adopted educational standards that are consistent with APA at the time your degree was conferred; the board will accept your education as satisfying the statutory requirement if you have graduated from an APA program and met the minimum 24 semester credit hour, or the academic equivalent, residency requirement.

If you **did not** graduate from an APA accredited program, it is your responsibility to demonstrate to the board that the program from which you graduated satisfies the current requirements set forth in K.A.R. 102-1-12. You will need to complete Attachment A-Education Worksheet and submit all supporting documentation listed on that form.

EXAMINATION

The examination requirement is contained in K.S.A. 74-5310 (a) and defined in K.A.R. 102-1-4. Each psychology licensure applicant is required to take the Examination for Professional Practice in Psychology (EPPP), which is the national examination. The Kansas passing scaled score is 500 or 70% correct. If you have passed this examination at the Kansas score from another state, you need to make arrangements with either the Interstate Reporting Service to provide the board office with verification of your examination score, or the licensing board in the state in which you took the exam to have your score recorded on the Licensure Verification form and sent directly to the board office.

In Kansas, an applicant is not permitted to sit for the examination until they make application and the board determines that the applicant satisfies the educational requirements. You may apply for licensure even though you have not completed the 1800 hours of post-doctoral supervision and be eligible for the temporary LP license. You will need to submit with your application an attestation from your post doctoral supervisor

The examination fee is \$500.00 and is a separate fee from that of your application. The examination fee is required for each administration. Do not enclose the examination fee at this time. Once the board determines your eligibility to sit for the exam, you will receive registration material from the testing company, Professional Examinations Services. Your letter from the board will have an Information for Candidates booklet along with instructions regarding the examination process.

TEMPORARY LICENSE

If you are interested in obtaining the temporary license, this is the application form you need to complete and submit for review. In order to qualify for the temporary license you must have received your doctoral degree and you either have begun your post doctoral work hours **or** you are ready to begin your post doctoral work hours. There is a fee of \$150.00 for the temporary license. This temporary license fee is in addition to the application fee.

TRANSCRIPT (S)

You will need to make arrangements with the Registrar's office of your college(s) or university (ies) to have your doctoral degree and masters degree transcript(s) sent directly to the board office. **Transcripts submitted by an applicant cannot be accepted.** Graduates of foreign academic institutions should read K.A.R. 102-1-3 (C).

If your degree has not been posted on your transcript you must have a formal letter from the department head stating your degree has been granted, the date it was granted, and the date the board may expect the transcript with degree posted.

STUDENT RESIDENCY REQUIREMENT FORM

You will need to submit the Student Residency Requirement form to the university where you received your doctoral degree. The applicant should fill out the top of the form with the university information and send to the university for completion. This form needs to be returned directly to the board office from the university.

SUPERVISORY ATTESTATION AND REFERENCE FORMS

Each applicant shall have completed "at least two years of supervised experience, a significant portion of which shall have been spent in rendering psychological services satisfying the board's approved standards for the psychological service concerned." [K.S.A. 74-5310 (a) (4)] The board will permit not more than one year (1,800 hours) of the two-year (3,600-hour) requirement to have been completed in a pre-doctoral internship or residency.

If you did not complete an APA accredited internship the board will mail a letter to your internship director, please make sure to include their complete contact information. Not less than one year (1,800 hours) shall have been completed in a post-doctoral, supervised work experience. The requisite supervised work experience is defined in K.A.R. 102-1-5. Please read this regulation carefully.

One copy of the supervisors attestation form is included with this application, and will need to be copied for all supervisors, both pre and postdoctoral. **You must provide attestation forms from your post-doctoral and pre-doctoral supervisor(s).** Please send the **attestation form** to your supervisors for completion, **not** the professional reference form. Postdoctoral supervisors must have been licensed and practicing for two years beyond their date of licensure before they may provide supervision.

If one person provided both pre and postdoctoral supervision they need only complete one form attesting to both pre and post doctoral supervision. This supervisor will only count as one of the four required people completing forms in support of your application for psychology licensure.

PROFESSIONAL REFERENCES

There is one copy of the professional reference form included with the application, and it will need to be copied for those submitting professional references. If you do not have four supervisors, list the names of additional persons who will provide the board with professional references. It is not necessary to use professional references if you have submitted supervisory attestations from four different supervisors. If you do choose to submit a professional reference with your application, it must be from a licensed psychologist who did not supervise you but is familiar with your training and experience in the psychology profession.

If you received supervision from an individual, please have that individual complete the Supervisory attestation form.

There is also one release of information form that will need to be copied and sent to each person providing a reference/attestation for you. Include a signed release with each reference/attestation form that you give to the professionals submitting information for your application.

Once the attestations and references have been filled out, they will need to be **returned to you in sealed envelopes, with a signature over the seal. Return these references/attestations UNOPENED with your application.**

NAME AND/OR ADDRESS CHANGE

Each applicant is required to report to the board office any name or address change. Remember, the board office communicates with you by mail. Therefore, if we do not know you have moved, we will not be able to get critical information to you.

LICENSURE

Psychology licensure in Kansas has a biennial renewal date of June 30 of every even-numbered year.

You may check the status of your application on our website www.ksbsrb.org, under "Online Services."

PLEASE ALLOW 30 DAYS FOR THE BOARD OFFICE TO REVIEW YOUR APPLICATION. YOU WILL BE NOTIFIED BY MAIL ONCE YOUR APPLICATION HAS BEEN REVIEWED.
